

PRE-USASA NATIONALS COMPETITION PREP CAMP

COPPER MOUNTAIN, CO

MARCH 25-29, 2018

Attention athletes,

Bud Keene and his all-star staff at **BKPRO** invite you to prepare for the best performance of your career at this powerful Pre-USASA Nationals Competition Prep Camp, to be held March 27-31 at Copper Mountain, Colorado.

Now in its fourth year, this Nationals prep-camp has gained a reputation for propelling participants to personal bests and even National titles. Staffed by some of the world's best coaches across all disciplines, as well as world-class professional athletes who know exactly what it takes to ride your best, this training camp will guide you toward putting your best foot forward – when it counts the most.

You'll have fun warming up for Nationals at the same 10,000' elevation, and on the very same courses that you will be competing on the following week. There is simply no better way to give your body the chance to acclimate while you dial-in your A-game!

On-hill coaching, video analysis, tuning and waxing clinics, instruction in Race and SBX/SX tactics, Halfpipe/ Slopestyle trick selection, Style and Run Construction Seminars, guidance in Mental Preparation – the list goes on. With countless USASA titles, Grand Pix and Dew Tour podiums, World Cup, X Games and even Olympic Gold and Silver medals to their credit, Bud and his staff at **BKPRO** know how to prepare an athlete to peak at the right time.

Whether you are a Halfpipe rider/freeskier, Slopestyler, Racer, or SBX/SX ripper, you WILL prepare for Nationals during this camp. Come join us, and make sure that you step to the starting line at Nationals physically and mentally prepared to put down the best runs of your season!

Above all, **BKPRO** stands for **Progression**:

Progression of learning techniques...

Progression of the athlete...

Progression of the sport...

See you there.

BUD KEENE
